

**Woodbury Public Schools
Immunization Deficiencies**

To the Parent/ Guardian of _____ DOB _____

Your child's health record shows the following immunizations are incomplete. The boxes checked below indicate the dates that are missing.

<i>Vaccine Type</i>	<i>Primary Series Doses</i>			<i>Booster</i>	
				<i>First</i>	<i>4 Year</i>
DPT, Td					
Polio					
MMR		////////	////////	////////////////	
Measles		////////	////////	////////////////	
Rubella		////////	////////	////////////////	////////////////
Mumps		////////	////////	////////////////	////////////////
HIB					////////////////
Hepatitis B					
Mantoux					
Varicella					
Pneumococcal Vaccine (PreK)					
Influenza (PreK)					
Meningococcal Vaccine (Gr. 6)					
Tdap (Gr.6)					

Immunization Requirements (effective June 2010)

DPT-minimum of 4 doses (booster dose must be on or after 4th birthday)

Polio- minimum of 3 doses (booster dose must be on or after 4th birthday)

MMR- 2 doses (one dose on or after 1st birthday) plus (booster dose)

Hepatitis B- 3 doses

HIB- 1 dose after 1st birthday- for Preschool

Varicella- 1 dose or doctor verification of disease

Pneumococcal vaccine- Preschool

Influenza vaccine- Preschool- due between Sept & Dec yearly

Meningococcal Vaccine- Gr. 6

Tdap- Grade 6

Your doctor or clinic must administer the required immunization, and the confirmation of the administration must be given to the Nurse on or before **SCHOOL STARTS (must show at least 1 dose of DPT, Polio & MMR for admission to school.)**. After that date, the student will be *excluded* from school until the immunization is administered.
