April 10, 2008

Dear Parents,

Thursday, April 24, 2008, is "Take Our Children to Work Day." This is a wonderful opportunity for children to be introduced to the many career options open to them, and I wholeheartedly encourage as many families as possible to take advantage of this.

I feel this program is a worthwhile one and is part of the Career Awareness initiative in our district. It also helps children develop a healthy respect for the importance of what YOU do all day.

I hope you and your child will be able to participate on April 24.

Sincerely,

Jeffrey W. Adams, Psy.D.
Principal
