December 6, 2007

Dear Parent/Guardian:

As we approach the winter season and the chances of inclement weather begin to increase in the form of cold weather, snow and ice, I wanted to take a moment to send out a few reminders in order to maintain the health and safety of all students.

During times of inclement weather our schools may open late, close early, or remain closed for the entire school day. This information can be obtained through the following ways:

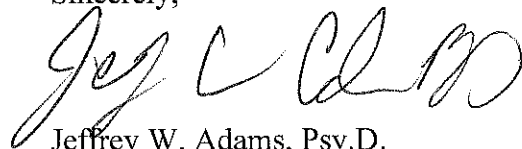

- The school website
- Listening for our school closing number 806 on KYW 1060 radio or Channel 3 Eyewitness News

In addition to weather affecting the opening and closing of school, it can also have an effect on the pick up and drop off of students. If weather is deemed too cold for students, they will line up inside during morning drop off. Please be advised that students are to arrive at school at 8:35 unless they are participating in the school breakfast program. Otherwise they should not be on campus unsupervised prior to this time. On days like this, students will also remain inside for recess and physical education in order to maintain student health and safety.

Should you have any questions regarding how the winter weather could impact your child's education, feel free to reach out to the main office.

Thank you and have a wonderful holiday season,

Sincerely,

Jeffrey W. Adams, Psy.D.
Principal
