

February 25, 2009

Dear Parents/Guardians,

The New Jersey State Library is in receipt of a grant from the PSE&G Foundation to run the Homework Help NJ program through at least December 31, 2009.

The program provides free homework help to students, residents, and customers of twenty-four public libraries in New Jersey -- and Woodbury is one of the libraries!

Students in grades K to 12, students in introductory college courses, homeschoolers and adult learners are able to get free help with their math, science, social studies, and English assignments via the Internet. The homework help program can be accessed at: <http://www.homeworkhelpnj.org/>

Students with Woodbury City Public Library cards can chat online with tutors who will help them tackle their homework problems. Spanish-speaking tutors are available for help with math and science assignments.

Tutors are available 7 days a week from 2 to 10 p.m.

You can use the service for just a few minutes of help or a significant amount of time to better understand complex concepts.

Sincerely,

Mrs. Tonya Breland  
Principal
