

Dear Parents:

If your child rides a Gateway bus to Evergreen Avenue School, please note that Gateway's emergency closing number is **800**. In the event that Gateway has an emergency closing or delay, your child's transportation will be affected.

Examples: If the Gateway School District is **closed**, your child will likely not have transportation to school.

If the Gateway School District has a **delayed opening** (1 or 2 hours) then students who come to school in the morning will likely be picked up 1 or 2 hours late. Dismissal will be at the regular time.

Please watch for Gateway emergency information in the same manner that you are watching for Woodbury Public School information.

When the roads are snow covered and schools are opening regular time, you can expect the bus to be a few minutes late.

As always, if you have any questions, please call the school office at 856-853-0125 ext 141.
