

**Woodbury Public Schools
Immunization Deficiencies**

To the Parent/ Guardian of _____ DOB _____

Your child's health record shows the following immunizations are incomplete. The boxes checked below indicate the dates that are missing. New Jersey State law requires **DPT and Polio booster on or after the 4th birthday, and MMR 2 doses, Varicella and Hepatitis B series.**

Vaccine Type	Primary Series Doses			Booster	
				First	4 Year
DPT, Td					
Polio					
MMR		////////	////////	////////////////	
Measles		////////	////////	////////////////	
Rubella		////////	////////	////////////////	////////////////
Mumps		////////	////////	////////////////	////////////////
HIB					////////////////
Hep B					
Mantoux					
Varicella					
Lead Screening	Result		Date		

Immunization Requirements (effective 8-1-2003)

DPT-minimum of 4 doses (booster dose must be on or after 4th birthday)

Polio- minimum of 3 doses (booster dose must be on or after 4th birthday)

MMR- 2 doses (one dose on or after 1st birthday) plus (booster dose)

Hep B- 3 doses

HIB- 1 dose- for Preschool

Varicella- 1 dose or doctor verification of disease

Lead screening results- for Preschool

Your doctor or clinic must administer the required immunization, and the confirmation of the administration must be given to the Nurse on or before _____. After that date, the student will be *excluded* from school until the immunization is administered.
