

Picture Day Schedule

Thursday, October 4, 2007

Mr. Collins will be here and will begin taking photos at 9:00am. Children not buying photos will line up in the back of the class. Children should have their envelopes in hand to give Mr. Collins at the time he takes their pictures. Students should be grouped according to the package they are purchasing. Each class should take about 20 minutes. Please reinforce with your students that picture money should be returned by picture day in order for pictures to be purchased.

Because we plan to have a yearbook again this year, faculty and staff members are asked to have a photograph taken for the yearbook. Please come to the APR before 9:00 a.m. if you do not have a homeroom.
