

This year Walnut Street will again be participating in a district wide initiative of MAP (Measure of Academic Progress) testing. The goal of this assessment is to provide staff with current academic levels of performance in an effort to target specific areas of instruction for our students. We will conduct these assessments on multiple dates throughout the year to monitor student and class wide growth. The first of these MAP assessments will take place the week of October 6<sup>th</sup> – 10<sup>th</sup>. These tests will be administered to all 2<sup>nd</sup>, 3<sup>rd</sup>, 4<sup>th</sup> and 5<sup>th</sup> grade students in our newly re-furnished computer lab. The following class schedule indicates dates and times that we will be conducting these assessments. Should you have any questions regarding the MAP testing there is information on the district website, [www.woodburysch.com](http://www.woodburysch.com) or you can feel free to give the main office a call.
