

HSA Membership

The HSA supports the school by funding or offsetting costs for items such as T-shirts, yearbooks, field trips (and now bussing) and fifth grade graduation. We are a liaison between the community and the education system.

The last few years the work of many have been accomplished by a few. YOUR help is appreciated and needed to ensure we can continue to serve our community, our school, our children

The benefits to being an active HSA member is that your children will get to go on free HSA field trips. Those who are not a member will have to pay costs per child associated with the field trips. You will also have the bonus of letting your child see you getting involved and volunteering to help out.

The Family Membership still remains at just \$5 no matter how many children. In order to keep costs down your participation is required in at least one activity such as being a room parent, book fair, football concession (its back and is our #1 income source), bingo and/or Secret Santa workshop. Participation in at least one fundraiser (i.e. Stromboli sales, cookie dough sales) is also required.

Attendance at monthly meetings is not mandatory but encouraged to help plan and organize events.
