Opportunities Enrichment Program

September 10, 2008

Dear Parent or Guardian,

After a careful screening and review of your child's performance, I am pleased to inform you that your child, **Kelsey Hoffman**, has been selected to participate in the Opportunities Enrichment Program. Selection is based on a combination of factors, including high standardized test (i.e., NJ ASK and/or MAP) scores, top grades, and teacher recommendations.

The Opportunities Enrichment Program offers differentiated curriculum above and beyond the regular classroom. Your child will leave the classroom one hour each week to participate in an enrichment experience that will promote higher level thinking skills, creative problem solving strategies, and task commitment.

Please sign the enclosed Parent Permission Form to let us know that you consent to your child's participation in the Opportunities Enrichment Program and kindly return this form to your child's teacher by September 17, 2008. Enrichment will begin the week of September 23rd.

Additionally, I would like to let you know that I will be available to meet with parents and answer any questions you may have at Back to School Night on Thursday, September 18th. At that time, I will also have information available about the *Johns Hopkins University Center for Talented Youth Talent Search*. I will be traveling to all three elementary schools that evening and will be stopping by the Grades 4 & 5 classrooms at Walnut Street School between 7:45-8:00 p.m.

I am looking forward to meeting you and working with your child this year.

Sincerely,

Mrs. Stephanie Foran
Opportunities Enrichment Teacher
