Please help support our program and encourage your child to read. Allow time in your nightly routine for books. You could read to your child, have your child read to you, or even have a family read along. It's up to you, just enjoy and have fun! Please assist your child in completing the ball or glove book form for each book read. Be sure to sign the book form before returning to your child's teacher. (Grades 3-5, please sign on the back of each form) Extra forms are available from classroom teachers.
