and gracious losers.**

**Speed Stacking Registration Form**

**What is Speed Stacking?**

Stacking is an exciting individual and team sport where participants stack and unstack twelve specially designed plastic cups in pre-determined sequences. Individually, stackers race against the clock for fastest or best times. Stackers may also compete on a relay team racing against another team in head-to-head competition.

**Why Speed Stacking?**

Stacking can be individualized, allowing each student to work towards success at his/her own level. It is also geared to include students of all ability levels, allowing every student to reach success.

**What Does Speed Stacking Reinforce?**

Stacking reinforces perseverance and practice as a way to improve personal bests; the value of teamwork; and the importance of never giving up. In stacking, we will teach “Fix your fumbles when they happen and NEVER give up!”
