Dear Parents/Guardians,

Over the years we have had great success with our W.E.B.S.T.E.R. home projects that encouraged families to come together as a school community. Some of our past family projects have included multicultural children, wooden flowers that adorned our school gardens, a quilt, which is still a matter of great pride for us here at West End Memorial School, as well as our most recent undertaking, "West End Students are Heads and Shoulders Above the Rest" banners.

This year we are excited to start our work on tiling the wall outside of our computer lab. The idea is for your immediate family to put your imaginations together to create a tile that represents your family.

Keep in mind when designing each tile you may **only use a black sharpie marker** which may be purchased at any craft store. Unfortunately, if something other than a black sharpie is used, we will not be able to include your family tile to the wall due to the "firing and shellacking" process that will be done to each returned tile. We also ask that **your family name be included.**

Examples of tiles will be on display outside of the computer lab. Any questions feel free to contact Cindy Norton PTA president (854-7067) or Kathie Spittal (KSpittal@woodburysch.com). We are asking each family member to sign the attached pledge to commit your family to this wonderful project. As you return your family pledge a tile will be sent home with your eldest child. We are asking that all tiles be complete and returned to school by April 11.

We look forward to enjoying your creativity, and diversity!

Happy Creating
